

Contents

- Preface IX
- 1 Introduction..... 1
 - 1.1 Cyberscience 1.0 Revisited..... 2
 - 1.2 Web 2.0 and Cyberscience..... 5
 - 1.2.1 The Internet is becoming a social space 5
 - 1.2.2 Social media, digital social networks and digital social culture..... 7
 - 1.2.3 On the path to cyberscience 2.0? 9
 - 1.3 Conceptual Framework and Methods..... 11
 - 1.3.1 Modeling scholarly activities and ICT impact on academia 11
 - 1.3.2 Methods applied 15
- 2 Case Studies 17
 - 2.1 Social Network Sites..... 19
 - 2.1.1 Main functions 26
 - 2.1.2 Potential for science and research 33
 - 2.1.3 Usage practices and impact..... 35
 - 2.1.4 Interim conclusions 48
 - 2.2 Microblogging..... 50
 - 2.2.1 Main functions 51
 - 2.2.2 Potentials for academia 54
 - 2.2.3 Usage practices and impact..... 57
 - 2.2.4 Interim conclusions 70

| | |
|---|-----|
| 2.3 Collaborative Knowledge Production—The Case of Wikimedia..... | 72 |
| 2.3.1 Main functions and core principles..... | 74 |
| 2.3.2 Potentials for academia | 82 |
| 2.3.3 Usage practices and impact..... | 85 |
| 2.3.4 Interim conclusions | 97 |
| 2.4 Virtual Worlds—The Case of Second Life..... | 100 |
| 2.4.1 Main functions | 101 |
| 2.4.2 Potentials for science and research..... | 103 |
| 2.4.3 Usage practices and impact..... | 104 |
| 2.4.4 Interim conclusions | 112 |
| 2.5 Search Engines—The Case of Google..... | 113 |
| 2.5.1 Main functions | 116 |
| 2.5.2 Potential for academia..... | 125 |
| 2.5.3 User practices and impact | 127 |
| 2.5.4 Interim conclusions | 139 |
| 3 Cross-Cutting Analysis | 143 |
| 3.1 Interactivity as a Crucial Category..... | 143 |
| 3.1.1 Utopian and dystopian perspectives..... | 143 |
| 3.1.2 Insiders and outsiders: methodological issues | 146 |
| 3.1.3 Overcoming the barriers between utopians and dystopians | 149 |
| 3.2 New Windows in the Ivory Tower..... | 151 |
| 3.2.1 Bringing together the academic and the public sphere..... | 152 |
| 3.2.2 Blurring media formats | 155 |
| 3.2.3 Blurring roles..... | 158 |
| 3.2.4 Bridging the boundaries? | 161 |
| 3.3 Academic Quality and Digital Social Networks..... | 163 |
| 3.3.1 Recent developments in academic quality control..... | 163 |
| 3.3.2 Ex ante quality control for or through digital social networks?..... | 165 |
| 3.3.3 Ex post quality control in digital social networks..... | 168 |
| 3.3.4 Crediting and incentives | 171 |

| | |
|--|-----|
| 3.4 Information Overload or Information Paradise? | 172 |
| 3.4.1 The evolution and diversification of communication channels in academia | 173 |
| 3.4.2 Quantitative impacts of multi-channel communication | 176 |
| 3.4.3 Qualitative impacts? | 178 |
| 3.5 Between Transparency and Privacy | 181 |
| 3.5.1 Privacy versus transparency in the Web 2.0 | 182 |
| 3.5.2 Privacy impact assessment of academic use of social media | 183 |
| 3.5.3 Paths towards transparent and privacy-friendly academic Web 2.0? | 185 |
| 3.6 Towards Democratization of Science? | 188 |
| 3.6.1 What does democratization mean? | 188 |
| 3.6.2 Internal democratization? | 190 |
| 3.6.3 External democratization? | 194 |
| 3.6.4 Obstacles for assessing democratization processes | 197 |
| 4 Overall Conclusions and Outlook | 199 |
| 4.1 Maturing Cyberscience | 199 |
| 4.2 The Cyberscience 2.0 Prospects | 201 |
| 4.3 An Ambivalent Overall Assessment | 205 |
| Abbreviations | 207 |
| List of Tables | 209 |
| List of Figures | 210 |
| Bibliography | 211 |
| Index | 233 |
